

New Moon Song

Rejoice in the sliver of moon,
Whose voice announces a newborn light,
Let the flowers of blood descend,
From the womb of the fertile night.

Borchi Nafshi Shechinah (4X)

Hallaluyah! (6X)

May the time of awakening come to
pass,
When as wanderers we cease to roam,
Though we plant in tears, may we reap
in joy,
When the harvest brings us home.

Borchi Nafshi Shechinah (4X)

Hallaluyah! (6X)

May the darkness send us deep inside,
Where the hidden fire is burning strong,
Let my soul be restored,
In the power of this song.

Borchi Nafshi Shechinah (4X)

Hallaluyah! (6X)

Rejoice in the moon's returning light,
May her fullness find my faith renewed,
Borchi Nafshi Shechinah
Hallaluyah!

Borchi Nafshi Shechinah (4X)

Hallaluyah! (6X)

Rejoice in the sliver of moon,
Whose voice announces a newborn light,
Let the flowers of blood descend,
From the womb of the fertile night.
